

Burr Free Cutting

Burr-Free Cutting of Wire & Tube with Rapid Lead-times

Morton Bowen specializes in burr-free cutting of small diameter wire and tubing. We provide products to all industries that demands square, burr-free, and rapid turn of product.

We can also offer custom angle-cut ends, along with electropolishing, passivation, certifications, and surface texturing.

Our proprietary technology produces truly burr-free wire and tube cutting from 0.020" to 80.000" lengths, with the industry shortest lead-times and 2 – 3 days for most items. Tight tolerances, square and bevel cuts, and small diameters is Morton Bowen's specialty. We also can also provide burr-free cuts not only in Stainless Steel wire and tubing, but also in most other metals.

Capabilities and Tolerances

- Wire and tube diameters: 0.004" to 0.250"
- Lengths: 0.020" to 80.000"
- Wire & Tube Shapes:
 - **round**
 - **half round**
 - **oval**
 - **square**
 - **custom**
 - **etc.**
- Length Tolerances: from 0.0001"
- Lead-times: from 1 to 5 days
